MANN'S

PARCHMENT COPYING PAPER.

(TRADE-MARK REGISTERED.)

This Parchment Paper is **MUCH STRONGER** and shows a **CLEARER COPY,** than any other ever made for the purpose. The Ink is **LESS LIABLE TO SPREAD,** and can be written upon with a pen.

DIRECTIONS FOR COPYING.

Place a piece of blotting-board under the leaf of Copying Paper; then, with brush, wet the leaf. Take off surplus water with another sheet of blotting-paper; then place the written letter on the leaf, (leaving the blotting-paper under the leaf to take up any excess of water that may yet remain,) place it in the press, and in 10 or 15 seconds a perfect copy will be secured.

The leaves WILL DRY AS SMOOTH AS SILK by placing the book in the Press after Copying.

☞Place the oil sheets between the copies just made, to prevent blending or setting-off.

Another way, when many Letters are Copied.

Procure a tin or iron box with lid to hold 20 blotting pads.—(Boxes furnished if desired.)

Dip half the lot of blotters in water, let them drain off a few moments; then place a dry blotter between each wet one, give them a few minutes' squeeze in Press and they will remain wet for three days; then take an oil sheet, place it to the left; then lay a wet blotter; then turn leaf of Copying over on blotter; then lay your letter on; then another oil sheet and so on, and you can copy all your letters at one time, thereby saving time. With a little care and experience as to wetting at first you will be so well pleased, as never to go back to old way.

In reply to your inquiries I have to state that there were some thousands of Silver dollars coined in 1804.

The Evans History of the U.S. Mint is a private publication and sold in the interest of private parties.

The private issues of gold coin you speak of are not authorized by the U.S. Government – but are all counterfeits.

The Government never authorized a coin of less denomination in gold than the dollar.

We know nothing about the book you speak of relative to English coins.

Seriously the intention was to send you the two dollars of 1893 and I asked the Cashier for coins of that date and sent them off without examination supposing they were all right.

Being Old Soldiers we always try to obey orders strictly and as we have a few more dollars of 1893, if you desire it we will forward you some in exchange for currency, altho' this is not in the line of Mint business

Sir

In reply to your inquiry of the 8th inst, I have to state that the Mint makes dies for the Government only. Our Engraver, Mr Chas E. Barber, does however, in his private capacity, cut dies for individuals. I have referred your letter to him and from the information given he thinks the dies would cost you about $250.00 that is for likenesses of the parties named.

You can put yourself in communication with him and he will give you all the information you desire and perhaps some suggestions.

We can tell you the cost of striking the Medals after we see the relief and know about the number required.
